COGNAC CASK EXPRESSION
BARBADOS

The eighth release in the Master Blender Collection

A rich and opulent blend that reveals layers of flavour with every sip.

For this limited liquid, Trudiann Branker decided to showcase the subtle fruitiness of the traditional column distilled rums. This complemented the delicate French oak casks which, due to their large and open grain, impart a rich vanilla flavour. Four years of full tropical ageing in Barbados bring out notes of red stone fruits, cherry, vanilla and caramel. The result is a rich and opulent blend that unfolds with every sip.

COLOUR: Darker amber with reddish highlights, hinting at the richer fruit and oak tones imparted by French cognac casks.

NOSE: Inviting bouquet of red fruits, vanilla, leather, and a touch of orange zest.

PALATE: A harmonious medley of cherry, salted caramel, brown sugar, and oak.

The long finish carries a pleasant sweetness, underscored by the signature dryness imparted by the French oak casks
